

Method for

The determination of aluminium in zinc alloys (Volumetric method) —

Methods for the sampling and analysis
of zinc and zinc alloys

Co-operating organizations

The Non-ferrous Metals Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

Aluminium Federation	Institution of Mining and Metallurgy
Association of Bronze and Brass Founders	Institution of Production Engineers
Association of Consulting Engineers	Institution of Structural Engineers
British Bronze and Brass Ingot	Lead Development Association
Manufacturers' Association	Light Metal Founders' Association
British Electrical and Allied Manufacturers' Association*	London Metal Exchange*
British Lead Manufacturers' Association	Magnesium Industry Council
British Non-ferrous Metals Federation*	Ministry of Aviation
British Non-ferrous Metals Research Association*	Ministry of Defence, Army Department*
Copper Development Association	Ministry of Defence, Navy Department*
Crown Agents for Oversea Governments and Administrations	Ministry of Transport
Electric Cable Makers Federation	National Brassfoundry Association
High Commission of India	Non-ferrous Metal Stockists
High Conductivity Copper Association	Post Office*
Institute of British Foundrymen	Royal Institute of British Architects
Institute of Metals*	Society of British Aerospace Companies Ltd.
Institution of Mechanical Engineers (Automobile Division)	Society of Motor Manufacturers and Traders Ltd.*
	Tin Research Institute
	Zinc Development Association*
	Individual manufacturer

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

British Iron and Steel Federation	Institute of Sheet Metal Engineering
D.S.I.R. — Laboratory of the Government Chemist	Zinc Alloy Die Casters' Association
Hot Dip Galvanizers' Association	Zinc Pigment Development Association
Institute of Iron and Steel Wire Manufacturers	Individual analysts

This British Standard, having been approved by the Non-ferrous Metals Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 25 March 1965
