

Specification for

Dental impression compound

Co-operating organizations

The Dental Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

- Association of Dental Hospitals of Great Britain and Northern Ireland*
- British Dental Association*
- British Dental Manufacturers' Association*
- Dental Education Advisory Council*
- D.S.I.R. — National Engineering Laboratory
- Ministry of Defence, Navy Department*
- Ministry of Health*
- Royal College of Surgeons of England
- Royal Society of Medicine
- Scottish Home and Health Department

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this standard:

- D.S.I.R. — Laboratory of the Government Chemist
- Institute of Dental Surgery
- London Dental Study Club
- Ministry of Defence, Air Force Department

This British Standard, having been approved by the Dental Industry Standards Committee and endorsed by the Chairman of the Chemical Divisional Council, was published under the authority of the General Council on 29 April 1965

Foreword

This standard makes reference to the following British Standard:

BS 593, *Laboratory thermometers*.

This British Standard forms one of a series for dental instruments and materials prepared under the authority of the BSI Dental Industry Standards Committee. The specification has been partly based on the requirements of the American Dental Association Specification No. 3 for Dental impression compound and of the Australian Standard Specification No. T6 for Dental modelling compound, to which acknowledgment is made.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
