

CONFIRMED
OCTOBER 1982

Methods for

Non-destructive testing of pipes and tubes —

Part 2B: Eddy current testing of
non-ferrous tubes

Co-operating organizations

The Mechanical Engineering Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

Associated Offices' Technical Committee*	Institution of Gas Engineers
Association of Consulting Engineers	Institution of Heating and Ventilating Engineers
Association of Mining Electrical and Mechanical Engineers	Institution of Mechanical Engineers
Board of Trade	Institution of Mechanical Engineers (Automobile Division)
British Chemical Plant Manufacturers' Association	Institution of Production Engineers*
British Compressed Air Society	Locomotive and Allied Manufacturers' Association of Great Britain
British Electrical and Allied Manufacturers' Association*	London Transport Board
British Gear Manufacturers' Association	Machine Tool Trades Association
British Internal Combustion Engine Manufacturers' Association	Ministry of Defence, Army Department*
British Iron and Steel Federation*	Ministry of Defence, Navy Department*
British Mechanical Engineering Federation	Ministry of Labour (H.M. Factory Inspectorate)
British Railways Board	Ministry of Power
Crown Agents for Oversea Governments and Administrations	Ministry of Public Building and Works
Electricity Council, The Generating Board and the Area Boards in England and Wales*	Ministry of Technology, National Engineering Laboratory*
Engineering Equipment Users' Association	Ministry of Transport
Gas Council	National Coal Board*
Institute of Marine Engineers	National Physical Laboratory (Ministry of Technology)*
Institution of Civil Engineers	Radio Industry Council
	Royal Institute of British Architects

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committees entrusted with the preparation of this British Standard:

Aluminium Federation	Ministry of Aviation
British European Airways	National Forgemasters Association
British National Committee for Non-destructive Testing	Non-destructive Testing Society of Great Britain
British Non-ferrous Metals Federation	Oil Companies Material Association
British Non-ferrous Metals Research Association	Society of British Aerospace Companies
British Overseas Airways Corporation	Society of Motor Manufacturers and Traders Ltd.
Institute of Physics and The Physical Society	Society of Non-Destructive Examination
Institute of Welding	United Kingdom Atomic Energy Authority
Institution of Engineering Inspection	Water-tube Boilermakers' Association
Lloyd's Register of Shipping	Individual firms

This British Standard, having been approved by the Mechanical Engineering Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 7 July 1966
