

Specification for

Domestic solid fuel ignition pokers and portable undergrate ignition burners for use with commercial butane

Co-operating organizations

The Petroleum Equipment Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government department and scientific and industrial organizations:

- British Iron and Steel Federation
- Council of British Manufacturers of Petroleum Equipment*
- Federation of British Rubber and Allied Manufacturers*
- Ministry of Power
- Oil Companies' Materials Association*

The scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

- British Hose Manufacturers' Association
- British Mechanical Rubber Manufacturers' Association
- Camping Trade Association of Great Britain Ltd.
- Chief Fire Officers' Association
- Gas Council
- Home Office
- Institution of Fire Engineers
- Institution of Gas Engineers
- Liquefied Petroleum Gas Industry Technical Committee
- National Caravan Council
- Society of British Gas Industries
- Individual Gas Distributors and Tubing Manufacturers

This British Standard, having been approved by the Petroleum Equipment Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council, on 6 September 1965
