

Ferrules and assembly wires for braided rubber cord assemblies for aerospace use

ICS 49.035

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ACE/25, Rubber, elastomeric and sealant materials for aerospace purposes, upon which the following bodies were represented:

- British Hydromechanics Research Group (BHR)
- British Narrow Fabrics Association (BNFA)
- British Rubber Manufacturers' Association Ltd (BRMA)
- UK Defence Standardization
- Society of British Aerospace Companies (SBAC)

This British Standard, having been prepared under the direction of the Engineering Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 27 September 2002
