

Cereals and pulses —

Part 23: Determination of bulk density of cereals, called “mass per hectolitre” (reference method)

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Food and Agriculture Standards Policy Committee (FAC/-) to Technical Committee FAC/4, upon which the following bodies were represented:

- AFRC Institute of Engineering Research
- Agricultural Engineers' Association
- Association of Public Analysts
- British Edible Pulse Association
- Department of Trade and Industry (Laboratory of the Government Chemist)
- Flour Milling and Baking Research Association
- Food and Drink Federation
- Grain and Feed Trade Association
- Home Grown Cereals Authority
- Institute of Brewing
- Institute of Food Science and Technology
- Intervention Board for Agricultural Produce
- Ministry of Agriculture, Fisheries and Food
- NABIM
- National Association of Commodity Cargo Superintendents and Surveyors
- National Farmers' Union
- Overseas Development Natural Resources Institute
- Society of Chemical Industry
- United Kingdom Agricultural Supply Trade Association Ltd.

This British Standard, having been prepared under the direction of the Food and Agriculture Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 31 January 1990

National foreword

This Part of BS 4317 has been prepared under the direction of the Food and Agriculture Standards Policy Committee. It is identical with ISO 7971:1986 “*Cereals — Determination of bulk density, called “mass per hectolitre” (Reference method)*”, published by the International Organization for Standardization (ISO), and in the preparation of which the United Kingdom played a full part.

Cross-reference

International standard	Corresponding British Standard
ISO 950:1979	BS 4510:1980 <i>Methods for sampling cereals (as grain)</i> (Identical)

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
