

Methods of

Measurement of the electrical properties of electronic tubes and valves (Excluding microwave devices) —

Part 1: Essential conditions for
measuring equivalent input and output
admittances

UDC 621.385:621.317.3

The Telecommunication Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

- British Broadcasting Corporation
- British Electrical and Allied Manufacturers' Association
- British Radio Equipment Manufacturers' Association
- British Radio Valve Manufacturers' Association*
- British Railways Board
- Cable and Wireless Ltd.
- Crown Agents for Oversea Governments and Administrations
- Electrical Contractors' Association (Incorporated)
- Electrical Research Association
- Electricity Council, the Central Electricity Generating Board and the Area Boards in England and Wales
- Electronic Engineering Association*
- Electronic Valve and Semi-Conductor Manufacturers' Association*
- Institution of Electrical Engineers
- Institution of Electronic and Radio Engineers*
- Institution of Production Engineers
- Ministry of Defence
- Ministry of Defence, Army Department
- Ministry of Defence, Navy Department*
- Ministry of Labour (H.M. Factory Inspectorate)
- Ministry of Technology*
- Post Office*
- Radio and Electronic Component Manufacturers' Federation
- Relay Services Association of Great Britain
- Science Research Council-Radio Research Station
- Telecommunication Engineering and Manufacturing Association

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

- Scientific Instrument Manufacturers' Association of Great Britain
- United Kingdom Atomic Energy Authority

Amendments issued since publication

Amd. No.	Date	Comments

This British Standard, having been approved by the Telecommunication Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 30 April 1968
