

CONFIRMED
AUGUST 1988

The performance of mechanical and compression joints in electric cable and wire connectors —

Part 1: Compression joints in copper conductors

UDC 621.315.68:621.315.55.669.3

**BS 4579-1:
1970**

*Reprinted,
incorporating
Amendments No. 1
June 1976, No.2
(November 1980) and
No. 3 (March 1985).*

Co-operating organizations

The Electrical Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

- Associated Offices Technical Committee
- Association of Consulting Engineers
- Association of Manufacturers of Domestic Electrical Appliances
- Association of Mining Electrical and Mechanical Engineers
- Association of Supervisory and Executive Engineers
- British Electrical and Allied Manufacturers' Association *
- British Radio Equipment Manufacturers' Association
- British Railways Board
- Crown Agents for Oversea Government and Administrations
- Department of Employment and Productivity
- Electric Cable Makers' Confederation *
- Electrical Contractors' Association, Incorporated
- Electrical Contractors' Association of Scotland
- Electrical Research Association
- Electricity Council, The Central Electricity Generating Board and the Area Boards in England and Wales *
- Electronic Engineering Association
- Engineering Equipment Users' Association
- Institution of Electrical Engineers
- Lighting Industry Federation Ltd.
- Ministry of Defence
- Ministry of Defence, Army Dept.
- Ministry of Defence, Navy Dept.
- Ministry of Power
- Ministry of Public Building and Works
- Ministry of Technology *
- Municipal Passenger Transport Association, Incorporated
- National Inspection Council for Electrical Installation Contracting
- National Physical Laboratory (Ministry of Technology)
- Oil Companies, Materials Association
- Post Office
- Public Transport Association Incorporated
- South of Scotland Electricity Board

The Government department and scientific and industrial organizations marked with an asterisk in the above list, were directly represented on the committee entrusted with the preparation of this British Standard.

This British Standard, having been approved by the Electrical Industry Standards Committee, was published under the authority of the Executive Board on 14 September, 1970
