

Specification for

Metal-Clad Base Materials for Printed Circuits —

**Part 6: Phenolic cellulose paper
copper-clad laminated sheet of medium
electrical quality, flame retardant
grade: PF-CP-Cu-6**

UDC 621.39.049.75 – 217:678.066 – 419

Co-operating organizations

The Telecommunication Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

British Broadcasting Corporation	Electronic Valve and Semi-conductor Manufacturers' Association
British Electrical and Allied Manufacturers' Association	Home Office
British Radio Equipment Manufacturers' Association*	Institution of Electrical Engineers
British Radio Valve Manufacturers' Association	Institution of Electronic and Radio Engineers
British Railways Board	Institution of Production Engineers
Cable and Wireless Limited	Ministry of Defence
Crown Agents for Oversea Governments and Administrations	Ministry of Defence, Army Department
Department of Employment and Productivity (HM Factory Inspectorate)	Ministry of Defence, Navy Department*
Department of Trade and Industry	Ministry of Defence, Procurement Executive*
Electrical Contractors Association (Incorporated)	Post Office*
Electrical Research Association*	Radio and Electronic Component Manufacturers' Federation*
Electricity Council, the Central Electricity Generating Board and the Area Boards in England and Wales*	Relay Services Association of Great Britain
Electronic Engineering Association*	Science Research Council — Radio and Space Research Station
	Scientific Instrument Manufacturers' Association*
	Society of British Aerospace Companies*
	Telecommunication Engineering and Manufacturing Association*

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

British Plastics Federation	Society of Motor Manufacturers and Traders
Institute of Metal Finishing	

This British Standard, having been approved by the Telecommunication Industry Standards Committee, was published under the authority of the Executive Board on 28 July 1972
