Foreword

This revision of BS 4623 has been prepared under the direction of the Paper and Printing Standards Policy Committee. It supersedes the 1983 edition, which is withdrawn.

The principal changes from the previous edition of BS 4623 are as follows.

- a) The reference to A4 size in Table 1 with respect to 11 in and 12 in forms has been clarified.
- b) An additional packaging requirement is included in clause 10.
- c) Clause A.2 includes additional details that are a matter for agreement between purchaser and supplier.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
