

Methods of test for

Rubber and plastics hoses and hose assemblies —

Part 103: Physical tests —

Section 103.2 Determination of crush
resistance of hoses

Confirmed January 2012

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Rubber Standards Policy Committee (RUM/-) to Technical Committee RUM/9, upon which the following bodies were represented:

- British Coal Corporation
- British Fluid Power Association
- British Gas Plc
- British Railways Board
- British Rubber Manufacturers' Association
- Chief and Assistant Chief Fire Officers' Association
- Energy Industries Council
- Engineering Equipment and Materials Users' Association
- Ministry of Defence
- Society of Motor Manufacturers and Traders Limited

This British Standard, having been prepared under the direction of the Rubber Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 31 October 1990
