Cooperating organizations

The European Committee for Electrotechnical Standardization (CENELEC), under whose supervision this European Standard was prepared, comprises the National Committees of the following countries.

Austria	Italy
Belgium	Netherlands
Denmark	Norway
Finland	Portugal
France	Sweden
Germany	Switzerland
Ireland	United Kingdom

This British Standard was published under the authority of the Executive Board on 31 May 1977

Key words: Electrical switchgear and controlgear — industrial use — low voltage — terminal — marking — distinctive number — induction coil — release — indicating light device — main contact element — auxiliary contact element

English version

Low voltage switchgear and controlgear for industrial use Terminal marking and distinctive number General rules

Appareillage industriel à basse tension.
Marquage des bornes et nombre
caractéristique. Règles générales

Industrielle Niederspannungsschaltgeräte.
Anschlussbezeichnungen und Kennzahlen.
Allgemeine Regeln

This European Standard was accepted by CENELEC on 7 September 1976. CENELEC members are committed in accordance with CENELEC Internal Regulations to give this European Standard the status of a National Standard without any alteration.

Up-to-date lists and bibliographical references concerning such National Standards may be obtained on application to the CENELEC General Secretariat or to any CENELEC member.

This European Standard exists in three versions (English, French, German), recognized by CENELEC as equivalent. National versions in other languages rank as translations, and in case of doubt shall be checked against one of the recognized versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Ireland, Italy, Netherlands, Norway, Portugal, Sweden, Switzerland and United Kingdom.
