National foreword

This British Standard has been prepared under the direction of Technical Committee B/503, Sanitary appliances, and is the English language version of EN 32:1977, *Wall hung wash basins. Connecting dimensions*, including Amendment No.1(1987), published by the European Committee for Standardization (CEN).

EN 32 was produced as a result of international discussion in which the UK took an active part.

Other Parts of this British Standard are as follows.

- *Part 1: Pedestal wash basins. Connecting dimensions;*
- *Part 3: Wash basins (one or three tap holes). Materials, quality design and construction;*

Part 1 is identical to EN 31.

Wash basins with two tap holes are covered in BS 1188 *Specification for ceramic wash basins and pedestals*.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
