

Cinematography —

Part 3: 35 mm film —

Section 3.4 Sound —

Subsection 3.4.9 Specification for reproduction characteristics of the A-chain frequency response for 35 mm photographic sound

UDC 778.5.34.427

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Cinematography and Photography Standards Committee (CPM/-) to Technical Committee CPM/5, upon which the following bodies were represented:

- Association of Cinematograph, Television and Allied Technicians
- Association of Independent Cinemas
- British Broadcasting Corporation
- British Film and Television Producers' Association
- British Film Institute
- British Kinematograph, Sound and Television Society
- Cinematograph Exhibitors' Association of Great Britain and Ireland
- Independent Television Companies' Association
- Institute of Amateur Cinematographers
- Royal Photographic Society

This British Standard, having been prepared under the direction of the Cinematography and Photography Standards Committee, was published under the authority of the Board of BSI and comes into effect on 30 April 1987
