National foreword

This revision of BS 5559 has been prepared under the direction of the General Electrotechnical Standards Policy Committee and supersedes BS 5559:1978 which is withdrawn.

It is the English language version of EN 60445:1990 which is identical with IEC Publication 445:1988 "Identification of equipment terminals and of terminations of certain designated conductors, including general rules for an alphanumeric system", published by the International Electrotechnical Committee (IEC).

The foreword and preface of IEC 445:1988, which does not form part of the text of EN 60445:1990, has been quoted in National Appendix NA.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
