

Methods of

Test for orthoboric acid (boric acid), *diboron* trioxide (boric oxide), *disodium* tetraborates, sodium perborates and crude sodium borates for industrial use —

Part 28: Determination of total and alkali-soluble calcium and magnesium contents of crude sodium borates (flame atomic absorption spectrometric method)

[ISO title: Crude sodium borates for industrial use — Determination of total and alkali-soluble calcium and magnesium contents — Flame atomic absorption spectrometric method]

NOTE It is recommended that this Part be read in conjunction with the information in the “General introduction”, published separately as BS 5688-0.
