

Methods of test for

Coffee and coffee products —

**Part 16: Green and roasted coffee:
determination of free-flow bulk density
of whole beans (routine method)**

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee AW/15, Coffee, upon which the following bodies were represented:

- Association of Public Analysts
- British Soluble Coffee Manufacturers' Association
- Coffee Trade Federation Ltd.
- Food and Drink Federation
- Institute of Trading Standards Administration
- Ministry of Agriculture, Fisheries and Food
- Natural Resources Institute

This British Standard, having been prepared under the direction of the Consumer Products and Services Sector Board, was published under the authority of the Standards Board and comes into effect on 15 January 1996
