

Audiovisual, video and television equipment and systems —

Part 10: Specification for audio cassette systems —

(Implementation of
CENELEC HD 369.10 S4)

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Electronic Equipment Standards Policy Committee (EEL/-) to Technical Committee EEL/32, upon which the following bodies were represented:

- Association for Consumer Research (ACRE)
- Association of British Theatre Technicians
- Audio Engineering Society
- British Broadcasting Corporation
- British Educational Equipment Association
- British Kinematograph Sound and Television Society
- British Radio and Electronic Equipment Manufacturers' Association
- British Telecommunications plc
- Consumer Policy Committee of BSI
- Federation of British Audio
- Independent Broadcasting Authority
- Independent Television Association
- Institution of Electrical Engineers
- National Council for Educational Technology (NCET)
- Professional Lighting and Sound Association
- Radio Electrical and Television Retailers' Association
- Royal Institute of British Architects
- Royal National Institute for Deaf Persons
- Society of Cable Television Engineers
- Sound and Communication Industries Federation

This British Standard, having been prepared under the direction of the Electronic Equipment Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 July 1992

National foreword

This new edition of this Part of BS 5817 has been prepared under the direction of the Electronic Equipment Standards Policy Committee and is identical with IEC 574-10:1983 *Audio-visual, video and television equipment and systems — Part 10 Audio cassette systems*, published by the International Electrotechnical Commission (IEC), as amended by Amendment No. 1 published in October 1988 and Amendment No. 2 published in October 1989.

This Part of BS 5817 implements Harmonization Document HD 369.10 S4 published by the European Committee for Electrotechnical Standardization (CENELEC) and supersedes BS 5817-10:1989 which is withdrawn.

This edition introduces technical changes to bring the standard up-to-date but it does not reflect a full review of the standard, which will be undertaken in due course. The changes are indicated by a side line in the margin.

BS 5817 consists of the following Parts.

- *Part 1: General;*
- *Part 2: Definitions;*
- *Part 3: Specification for connectors for the interconnection of equipment in audiovisual systems;*
- *Part 4: Specification for matching values for the interconnection of equipment in a system;*
- *Part 5: Control, synchronization and address codes;*
- *Section 5.1: Synchronized tapelvisual operating practice;*
- *Section 5.2: Method of operation for pulsed cue tone control systems for two still projectors;*
- *Part 6: (Not allocated);*
- *Part 7: Guide for safe handling and operation of audiovisual equipment;*
- *Part 8: Symbols and identification;*
- *Part 9: (Not allocated);*
- *Part 10: Specification for audio cassette systems;*
- *Part 11: Methods for operating video recording systems to facilitate browsing;*
- *Part 12: Methods of measurement for non-broadcast single-sensor video cameras¹⁾;*
- *Part 13: Specification for a digital counter for audio cassette systems;*
- *Part 14: Specification for audio striped card system;*
- *Part 15: Specification for audio pages;*
- *Part 16: Specification for labelling for educational audio cassettes;*
- *Part 17: Methods for specifying and measuring the performance characteristics of audio-learning systems;*
- *Part 18: Specification for connectors for automatic slide projectors with built-in triacs for audiovisual application;*
- *Part 19: (Not allocated);*
- *Part 20: Methods of measuring and reporting the performance of 16 mm sound film projectors.*

¹⁾ In preparation.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i to iv, the HD title page, pages 2 to 10, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
