Cooperating organizations

The Mechanical Engineering Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

Associated Offices Technical Committee*	Department of Trade (Marine Division)
Association of Consulting Engineers	Department of Transport
Association of Hydraulic Equipment Manufacturers*	Electricity Supply Industry in England and Wales*
Association of Mining Electrical and Mechanical Engineers	Engineering Equipment Users' Association*
British Compressed Air Society	Federation of Manufacturers of Construction Equipment and Cranes
British Electrical and Allied Manufacturers' Association (BEAMA)	Health and Safety Executive*
British Gas Corporation*	Institution of Gas Engineers
British Gear Manufacturers' Association	Institution of Mechanical Engineers*
British Internal Combustion Engine Manufacturers' Association*	Institution of Plant Engineers
British Pump Manufacturers' Association	Institution of Production Engineers
British Steel Corporation	Lloyd's Register of Shipping*
British Steel Industry*	London Transport Executive
British Valve Manufacturers' Association Ltd*	Machine Tool Industry Research Association
Chartered Institution of Building Services	Ministry of Defence*
Crown Agents for Oversea Governments and Administrations	National Coal Board*
Department of the Environment (PSA)	Oil Companies Materials Association*
Department of Industry (Mechanical Engineering)	Process Plant Association
Department of Industry (National Engineering Laboratory)*	Society of Motor Manufacturers and Traders Limited
	Telecommunication Engineering and Manufacturing Association (TEMA)
	Water-tube Boilermakers' Association

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

Amalgamated Union of Engineering Workers	Council of Ironfoundry Associations
Association of Bronze and Brass Founders	Greater London Council
British Chemical Engineering Contractors' Association	Institution of Chemical Engineers
British Industrial Measuring and Control Apparatus Manufacturers' Association	Institution of Civil Engineers
British Marine Equipment Council	Institution of Water Engineers and Scientists
British Ship Research Association	National Brassfoundry Association
British Shipbuilders	National Water Council
CBMPE	Society of British Gas Industries
Copper Development Association	Steel Casting Research and Trade Association
Copper Tube Fittings Manufacturers' Association	Water companies Association

Amendments issued since publication

Amd. No.	Date of issue	Comments

This British Standard, having been prepared under the direction of the Mechanical Engineering Standards Committee, was published under the authority of the Executive Board and comes into effect on 29 February 1980

Contents

	Page
Cooperating organizations	Inside front cover
Foreword	ii
Section 1. General	
1 Scope	1
2 References	1
3 Definitions	1
4 Flange designation	1
5 Flange dimensions	1
6 Materials	1
7 Flange design	1
Section 2. Part-turn operation	
8 Flange sizes	2
9 Performance characteristics	2
Section 3. Multi-turn operation	
10 Flange sizes	3
11 Performance characteristics	3
Appendix A Criteria for torque and thrust	4
Figure 1 — Flange dimensions	2
