

Method for

Determination of coefficients of friction of plastic film and sheeting for use as electrical insulation

[IEC title: Method of test for coefficients of friction of plastic film
and sheeting for use as electrical insulation]

Cooperating organizations

The General Electrotechnical Engineering Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

- Associated Offices Technical Committee
- British Approvals Service for Electric Cables Ltd.
- British Electrical and Allied Manufacturers' Association (BEAMA)
- British Radio Equipment Manufacturers' Association
- British Steel Corporation
- Department of Energy (Electricity)
- Electric Cable Makers' Confederation
- Electrical Contractors' Association
- Electrical Contractors' Association of Scotland
- Electricity Supply Industry in England and Wales*
- Electronic Components Industry Federation*
- Electronic Engineering Association*
- Engineering Equipment Users' Association
- Era Technology Ltd.*
- Health and Safety Executive
- Home Office
- Institution of Electrical Engineers
- Ministry of Defence*
- National Coal Board
- Oil Companies Materials Association
- Post Office*

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

- Adhesive Tape Manufacturers' Association
- British (AC) Capacitor Manufacturers' Association
- British Industrial Ceramic Manufacturers' Association
- British Paper and Board Industry Federation (PIF)
- British Plastics Federation
- Department of Industry (British Calibration Service)
- Department of Industry (National Physical Laboratory)
- Electrical and Electronic Insulation Association (BEAMA)
- Electrical Installation Equipment Manufacturers' Association (BEAMA)
- Packaging and Industrial Films Association
- Rotating Electrical Machines Association (BEAMA)
- Telecommunication Engineering and Manufacturing Association (TEMA)
- Transmission and Distribution Association (BEAMA)

This British Standard, having been prepared under the direction of the General Electrotechnical Engineering Standards Committee, was published under the authority of the Executive Board and comes into effect on 31 July 1980
