Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee, B/212, Tolerances, drawing practice, modular coordination, joints, project information and computer modelling, to Subcommittee B/212/2, Tolerances and accuracy, upon which the following bodies were represented:

- British Constructional Steelwork Association Ltd.
- Chartered Institute of Building
- Department of the Environment (Building Research Establishment)
- Institution of Civil Engineers
- Royal Institute of British Architects
- Royal Institution of Chartered Surveyors

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 August 1996
