

Method of test for

Accuracy and precision of mechanical handpipettes of capacity 0.05 mL and above

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Laboratory Apparatus Standards Policy Committee (LBC/-) to Technical Committee LBC/27, upon which the following bodies were represented:

- Association of Clinical Biochemists
- British Glass Manufacturers Confederation
- British Laboratory Ware Association
- Department of Trade and Industry (Laboratory of the Government Chemist)
- Department of Trade and Industry (National Weights and Measures Laboratory)
- Institute of Medical Laboratory Sciences
- Medical Sterile Products Association
- South Western Regional Health Authority

This British Standard, having been prepared under the direction of the Laboratory Apparatus Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 20 December 1991
