

Rubber latices —

Part 3: Methods of test —

Section 3.5: Determination of KOH number of natural rubber latices

ICS 83.060

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PRI/51, Latex, upon which the following bodies were represented:

- British Rubber Manufacturers' Association Ltd.
- Malaysian Rubber Producers' Research Association
- Medical Sterile Products Association

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 June 1996

© BSI 2006

First published November 1985
Second edition June 1996

National foreword

This British Standard has been prepared by Technical Committee PRI/51 and is identical with ISO 127:1995 *Rubber, natural latex concentrate — Determination of KOH number*, including amendment 1:2006, published by the International Organization for Standardization (ISO). It supersedes BS 6057-3.5:1985 which is withdrawn.

The start and finish of text introduced or altered by ISO amendment is indicated in the text by tags A1 A1. Tags indicating changes to ISO text carry the number of the ISO amendment. For example, text altered by ISO amendment 1 is indicated in the text by A1 A1.
