

Rolling bearings: tolerances —

Part 1: Glossary of terms

[ISO title: Rolling bearings — Tolerances — Definitions]

UDC 621.822.6:621.753.1:001.4

Cooperating organizations

The Mechanical Engineering Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following:

Associated Offices Technical Committee	Department of Trade (Marine Division)
Association of Consulting Engineers	Department of Transport
Association of Hydraulic Equipment Manufacturers	Electricity Supply Industry in England and Wales
Association of Mining Electrical and Mechanical Engineers	Engineering Equipment Users' Association*
British Compressed Air Society	Federation of Manufacturers of Construction Equipment and Cranes
British Electrical and Allied Manufacturers' Association (BEAMA)	Health and Safety Executive
British Gas Corporation	Institution of Gas Engineers
British Gear Manufacturers' Association	Institution of Mechanical Engineers*
British Internal Combustion Engine Manufacturers' Association	Institution of Plant Engineers
British Pump Manufacturers' Association	Institution of Production Engineers*
British Steel Corporation	Lloyd's Register of Shipping
British Steel Industry	London Transport Executive
British Valve Manufacturers' Association Ltd. Cbmpe	Machine Tool Industry Research Association*
Chartered Institution of Building Services	Ministry of Defence*
Crown Agents for Oversea Governments and Administrations	National Coal Board*
Department of Industry (Mechanical Engineering)	Oil Companies Materials Association
Department of Industry (National Engineering Laboratory)	Process Plant Association
Department of the Environment (PSA)	Railways Industry Association of Great Britain
	Society of Motor Manufacturers and Traders Limited
	Telecommunication Engineering and Manufacturing Association (TEMA)
	Water-tube Boilermakers' Association

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the Technical Committee entrusted with the preparation of this British Standard:

Ball and Roller Bearing Manufacturers' Association	Society of British Aerospace Companies Limited
North East Coast Institution of Engineers and Shipbuilders	

This British Standard, having been prepared under the direction of the Mechanical Engineering Standards Committee, was published under the authority of the Executive Board and comes into effect on 30 April 1981
