

Specification for

Tracheal tubes for large animals in veterinary anaesthesia

ICS 11.220

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Health Care Standards Policy Committee (HCC/-) to Technical Committee HCC/45, upon which the following bodies were represented:

- Association of Anaesthetists of Great Britain and Ireland
- Association of British Health Care Industries
- Association of Veterinary Anaesthetists of Great Britain and Ireland
- British Anaesthetic and Respiratory Equipment Manufacturers' Association
- British Association of Otolaryngologists
- British Paediatric Association
- British Rubber Manufacturers' Association
- British Surgical Trades Association
- Department of Health
- Medical Sterile Products Association

This British Standard, having been prepared under the direction of the Health Care Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 31 May 1990

Foreword

This revision of BS 6155 has been prepared under the direction of the Health Care Standards Policy Committee. It supersedes BS 6155:1981, which is withdrawn.

The principal differences from the 1981 edition of this British Standard are as follows.

- a) The dimensions of the tubes have been amended to bring them in line with those of tubes currently used in practice.
- b) Requirements for freedom from biological hazard have been specified by reference to the methods given in BS 5736-4 and BS EN ISO 10993-5.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

Sidelining in this document indicates the most recent changes by amendment.
