

Mineral insulated cables with a rated voltage not exceeding 750 V —

Part 3: Guide to use

(Implementation of HD 586.3:2001)

ICS 29.060.20

Confirmed January 2012

National foreword

This British Standard implements Harmonization Document HD 586.3:2001, which was published by the European Committee for Electrotechnical Standardization (CENELEC).

The UK participation in its preparation was entrusted by Technical Committee GEL/20, Electric cables, to Subcommittee GEL/20/1, Wiring cables, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Electrotechnical Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 4 October 2001

This Harmonization Document was approved by CENELEC on 2000-12-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for implementation of this Harmonization Document on a national level.

Up-to-date lists and bibliographical references concerning such national implementation may be obtained on application to the Central Secretariat or to any CENELEC member.

This Harmonization Document exists in three official versions (English, French, German).

CENELEC members are the national electrotechnical committees of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This Harmonization Document was prepared by the Technical Committee CENELEC TC 20, Electric cables. It was submitted to the Unique Acceptance Procedure and was approved by CENELEC as HD 586.3 S1 on 2000-12-01.

The following dates were fixed:

- latest date by which the existence of the HD
has to be announced at national level (doa) 2001-07-01
- latest date by which the HD has to be implemented
at national level by publication of a harmonized
national standard or by endorsement (dop) 2002-01-01
- latest date by which the national standards conflicting
with the HD have to be withdrawn (dow) 2003-01-01

Annexes designated "informative" are given for information only.
In this standard, annex A is informative.
