

Storage of cereals and pulses —

Part 3: Guide to control of attack by pests

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Food and Agriculture Standards Policy Committee (FAC/-) to Technical Committee FAC/4, upon which the following bodies were represented:

- AFRC Institute of Engineering Research
- Agricultural Engineers' Association
- Association of Public Analysts
- British Edible Pulse Association
- Department of Trade and Industry (Laboratory of the Government Chemist)
- Flour Milling and Baking Research Association
- Food and Drink Federation
- Grain and Feed Trade Association
- Home Grown Cereals Authority
- Institute of Brewing
- Institute of Food Science and Technology
- Intervention Board for Agricultural Produce
- Ministry of Agriculture, Fisheries and Food
- NABIM
- National Association of Commodity Cargo Superintendents and Surveyors
- National Farmers' Union
- Overseas Development Natural Resources Institute
- Society of Chemical Industry
- United Kingdom Agricultural Supply Trade Association Ltd.

This British Standard, having been prepared under the direction of the Food and Agriculture Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 28 February 1990

National foreword

This Part of BS 6279 has been prepared under the direction of the Food and Agriculture Standards Policy Committee. It is identical with ISO 6322-3:1989 “*Storage of cereals and pulses — Part 3: Control of attack by pests*” published by the International Organization for Standardization (ISO), and in the preparation of which the United Kingdom played a full part. This revision supersedes BS 6279-3:1982 which is withdrawn and from which it differs in that Annex A has been deleted.

Cross-references

International Standard	Corresponding British Standard
	BS 6279 <i>Storage of cereals and pulses</i>
ISO 6322-1:1981	Part 1:1982 <i>Guide to particular problems encountered in the storage of cereals and pulses</i> (Identical)
ISO 6322-2:1981	Part 2:1982 <i>Code of practice for the storage of cereals and pulses</i> (Identical)

There are no British Standards corresponding to ISO 605:1977, ISO 6639-1:1986, ISO 6639-2:1986, ISO 6639-3:1986 and ISO 6639-4:1987 but, as these references are supplied for information only, the validity of this Part of BS 6279 is not affected. A British Standard describing procedures for the determination of hidden insect infestation is BS 4317 “*Methods of test for cereals and pulses*”, Part 18:1988 “*Determination of hidden insect infestation*”.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
