

Rubber compounding ingredients: precipitated, hydrated silica —

Part 2: Method for determination of physical properties in rubber (including test recipe)

[ISO title: Rubber compounding ingredients — Silica,
precipitated, hydrated — Part 2: Test recipe and determination of
physical properties in rubber]

UDC 678.046.361:678.01:53

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Rubber Standards Committee (RUM/-) to Technical Committee RUM/25 upon which the following bodies were represented:

- British Aggregate Construction Materials Industries
- British Rubber Manufacturers' Association
- China Clay Association
- Malaysian Rubber Producers' Association
- Ministry of Defence
- Zinc Pigment Development Association

This British Standard, having been prepared under the direction of the Rubber Standards Committee, was published under the authority of the Board of BSI and comes into effect on 31 January 1984
