

Specification for

Low voltage switchgear and controlgear for industrial use —

Control switches —

Position switches 42.5×80 —

Dimensions and characteristics

UDC 621.316.542:621.3.027.2

Cooperating organizations

The European Committee for Electrotechnical Standardization (CENELEC), under whose supervision this European Standard was prepared, comprises the National Committees of the following countries.

Austria	Luxemburg
Belgium	Netherlands
Denmark	Norway
Finland	Portugal
France	Spain
Germany	Sweden
Greece	Switzerland
Ireland	United Kingdom
Italy	

This British Standard was published under the authority of the Board of BSI and comes into effect on 29 June 1984

Text of EN 50041	3
National appendix A	12
National appendix B	Inside back cover

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 12, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

UDC: 621.316.542:621.3.027.2

Key words: Electrical switchgear and controlgear, industrial use, low voltage, control switch, switch, position switch, dimensions, characteristics, operation point

English version

Low voltage switchgear and controlgear for industrial use
Control switches
Position switches $42,5 \times 80$
Dimensions and characteristics

Appareillage industriel à basse tension —
Auxiliaires de commande. Interrupteurs de
position $42,5 \times 80$. Dimensions et
caractéristiques

Industrielle Niederspannungs-Schaltgeräte —
Hilfsstromschalter. Positionsschalter
 $42,5 \times 80$. Masse und Kennwerte

This European Standard was accepted by CENELEC on 1981-07-07. The CENELEC members are bound to adhere to the CENELEC Internal Regulations which specify under which conditions this European Standard has to be given, without any alteration, the status of a national standard.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CENELEC General Secretariat or to any CENELEC member.

This European Standard is established by CENELEC in three official versions (English, French, German). A translation made by another member under its own responsibility, in its own language, and notified to CENELEC has the same status.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
