Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Elements and Components (of Diverse Materials) for Building Standards Committee (ECB-) to Technical Committee ECB/37 upon which the following bodies were represented:

- Autoclaved Aerated Concrete Products Association
- Brick Development Association
- British Board of Agrément
- British Ceramic Research Association
- British Chemical Dampcourse Association
- Building Employers' Confederation
- Consumer Standards Advisory Committee of BSI
- Department of the Environment (Building Research Establishment)
- Greater London Council
- Society of Chemical Industry
- Society of Chief Architects of Local Authorities

The following were also represented in the drafting of the standard, through subcommittees and panels:

Coopted members

This British Standard, having been prepared under the direction of the Elements and Components (of Diverse Materials) for Buildings Standards Committee, was published under the authority of the Board of BSI and comes into effect on 28 February 1985

Foreword

This British Standard is published under the direction of the Elements and Components (of Diverse Materials) for Buildings Standards Committee.

There are as yet not enough data to draft a specification for damp-proof course fluids. Research is continuing with a view to establishing criteria for such a specification.

Specialist advice is obtainable from appropriate organizations represented on the committee (see Inside front cover).

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
