Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Technical Committee B/513 Construction equipment and plant, and site safety, to Subcommittee B/513/1, Earth-moving machinery, upon which the following bodies were represented:

- British Coal Corporation
- Construction Plant (Hire Association)
- Federation of Civil Engineering Contractors
- Federation of Manufacturers of Construction Equipment and Cranes
- Health and Safety Executive
- Institution of Civil Engineers
- Silsoe Research Institute

This British Standard, having been prepared under the direction of the Technical Committee B/513, was published under the authority of the Standards Board and comes into effect on 15 November 1993

National foreword

This Part of BS 6912 has been prepared under the direction of Technical Committee B/513 Construction equipment and plant, and site safety, and is identical with ISO 5006-2:1993 *Earth-moving machinery — Operator's field of view — Part 2: Evaluation method* published by the International Organization for Standardization (ISO).

ISO 5006-2 was prepared by Subcommittee 2, Safety requirements and human factors, of ISO Technical Committee 127, Earth-moving machinery, with the active participation and approval of the UK.

ISO 5006 consists of the following Parts, under the generic title, *Earth-moving machinery — Operator's field of view*.

- *Part 1: Test method;*
- *Part 2: Evaluation method;*
- *Part 3: Criteria.*

Annex A of this Part of BS 6912 is for information only.

Cross-reference

International standard	Corresponding British Standard
ISO 5006-1:1991	BS 6911 <i>Testing earth-moving machinery</i> Part 5:1992 <i>Determination of operator's field of view</i> (Identical)

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
