

Operation and maintenance of earth-moving machinery —

Part 11: Specification for auxiliary starting aid electrical connector

UDC 621.878/.879:621.315.541

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Technical Committee B/513 Construction equipment and plant, and site safety, to Subcommittee B/513/1, Earth-moving machinery, upon which the following bodies were represented:

- British Coal Corporation
- Construction Plant (Hire Association)
- Federation of Civil Engineering Contractors
- Federation of Manufacturers of Construction Equipment and Cranes
- Health and Safety Executive
- Institution of Civil Engineers
- Silsoe Research Institute

This British Standard, having been prepared under the direction of the Technical Committee B/513, was published under the authority of the Standards Board and comes into effect on 15 August 1994

National foreword

This Part of BS 6913 has been prepared under the direction of Technical Committee B/513, Construction equipment and plant, and site safety, and is identical with ISO 11862:1993 *Earth-moving machinery — Auxiliary starting aid electrical connector* published by the International Organization for Standardization (ISO).

Cross-references

International standard	Corresponding British Standard
ISO 6165:1987	BS 6914 <i>Terminology (including definitions of dimensions and symbols) for earth-moving machinery</i> Part 1:1988 <i>Glossary of terms for basic types of earth-moving machinery</i> (Identical)
ISO 9247:1990	BS 6913 <i>Operation and maintenance of earth-moving machinery</i> Part 6:1991 <i>Specification for identification and marking of electrical wires and cables</i> (Identical)
IEC 269-1:1986	BS 88 <i>Cartridge fuses for voltages up to and including 1 000 V a.c. and 1 500 V d.c</i> Part 1:1988 <i>Specification of general requirements</i> (Identical)

The Subcommittee has reviewed the provisions of IEC 228:1978 and IEC 245-4:1980, to which normative reference is made in the text, and has decided that they are acceptable for use in conjunction with this standard. A related standard to IEC 228:1978 is BS 6360:1991.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
