Safety of storage equipment for loose bulk materials

[ISO title: Storage equipment for loose
bulk materials — Safety code]

ICS 53.080

National foreword

This British Standard is the UK implementation of ISO 8456:1985 (dual numbered as BS 6989:1989). It supersedes BS ISO 5029:1977 (dual numbered as BS 5667-3:1979) which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MHE/9, Continuous mechanical handling equipment.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Mechanical Handling Committee, was published under the authority of the Board of BSI and comes into effect on 31 March 1989
