Foreword

This British Standard has been prepared under the direction of the Packaging and Freight Containers Standards Policy Committee at the request of the Metal Packaging Manufacturers' Association, supported by the British Aerosol Manufacturers' Association.

This British Standard specifies only the dimensions of three-piece aerosol cans. Constructional and performance requirements are specified in BS 3914 which also includes requirements relating to the complete, filled aerosol dispenser.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
