

Fusion bonded epoxy coated carbon steel bars for the reinforcement of concrete —

Part 2: Specification for coatings

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Iron and Steel Standards Policy Committee (ISM/-) to Technical Committee ISM/9, upon which the following bodies were represented:

- British Cement Association
- British Independent Steel Producers' Association
- British Precast Concrete Federation Ltd.
- British Reinforcement Manufacturers' Association
- British Steel Industry
- British Steel Industry (Wire Section)
- Concrete Society
- County Surveyors' Society
- Department of the Environment (Property Services Agency)
- Department of Transport
- Electricity Supply Industry in England and Wales
- Fabric Reinforcement Development Association
- Federation of Civil Engineering Contractors
- High Yield Bar Development Association
- Institution of Structural Engineers
- UK Certification Authority Reinforcing Steels

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Department of the Environment (Building Research Establishment)
- Institution of Civil Engineers

This British Standard, having been prepared under the direction of the Iron and Steel Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 30 September 1990
