Foreword

BS 7358 has been prepared under the direction of the Building Services Standards Policy Committee in order to supplement a series of new British Standards for WC pans and cisterns designed to accommodate a 7.5 L flushing capacity.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
