

Full-flow lubricating oil filters for internal combustion engines —

Part 13: Specification for dimensions of spin-on filters

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Mechanical Engineering Standards Policy Committee (GME/-) to Technical Committee GME/14, upon which the following bodies were represented:

- British Compressed Air Society
- Engineering Equipment and Materials Users' Association
- Motor Industry Research Association
- Society of Environmental Engineers
- Society of Motor Manufacturers and Traders Ltd.

This British Standard, having been prepared under the direction of the General Mechanical Engineering Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 29 March 1991
