

Method of test for

Determination of the ignitability of solid electrical insulating materials when exposed to an electrically heated wire source —

(Implementation of
CENELEC HD 541 S1)

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Electrotechnical Standards Policy Committee (GEL/-) to Technical Committee GEL/89, upon which the following bodies were represented:

- Association of Manufacturers of Domestic Electrical Appliances
- British Cable Makers' Confederation
- British Electrical Systems Association (BEAMA Ltd.)
- British Plastics Federation
- British Telecommunications plc
- EEA (the Association of Electronics, Telecommunications and Business Equipment Industries)
- Electrical Installation Equipment Manufacturers' Association (BEAMA Ltd.)
- Electricity Supply Industry in United Kingdom
- Electronic Components Industry Federation
- ERA Technology Ltd.
- Home Office
- Lighting Industry Federation Ltd.
- Ministry of Defence
- National Supervising Inspectorate
- Telecommunication Engineering and Manufacturing Association

This British Standard, having been prepared under the direction of the General Electrotechnical Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 30 September 1991
