National foreword

This British Standard has been prepared under the direction of the General Mechanical Engineering Standards Policy Committee. It is identical with ISO 3904:1990 “*Shipbuilding and marine structures — Clear-view screens*”, published by the International Organization for Standardization (ISO).

Cross-references

International Standard	Corresponding British Standard
ISO 48:1979	BS 903 <i>Methods of testing vulcanized rubber</i> Part A26:1969 <i>Determination of hardness</i> (Technically equivalent)

The Technical Committee has reviewed the provisions of ISO 3254:1989, IEC 34 and IEC 92, to which reference is made in the text, and has decided that they are acceptable for use in conjunction with this standard.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
