

Specification for

Mooring winches

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Mechanical Engineering Standards Policy Committee (GME/-) to Technical Committee GME/32, upon which the following bodies were represented:

- British Marine Equipment Council
- British Maritime Technology
- British Motor Ship Owners' Association
- British Waterways Board
- Department of Transport (Marine Directorate)
- General Council of British Shipping
- Lloyd's Register of Shipping
- Ministry of Defence
- North East Coast Institution of Engineers and Shipbuilders
- Shipbuilders' and Shiprepairers' Association

This British Standard, having been prepared under the direction of the General Mechanical Engineering Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 30 August 1991

National foreword

This British Standard has been prepared under the direction of the General Mechanical Engineering Standards Policy Committee. It is identical with ISO 3730:1988 “*Shipbuilding — Mooring winches*”, published by the International Organization for Standardization (ISO). It supersedes BS MA 32:1973, which is withdrawn.

NOTE *Typographical error.* In line one of 4.8.1 “quipment” should be read as “equipment”.

Cross-references

International Standard	Corresponding British Standard
ISO 4413:1978	BS 4575 <i>Fluid power transmission and control systems</i> Part 1:1979 <i>Guide for hydraulic equipment and systems</i> (Identical)

The Technical Committee has reviewed the provisions of ISO 2408:1985, ISO 2944:1974, ISO 3828:1984, ISO 6482:1980, ISO 7825:1985, IEC 92 and IEC 529:1976, to which reference is made in the text, and has decided that they are acceptable for use in conjunction with this standard.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
