

Specification for

Malleable wires for use as sutures and other surgical applications

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee HCC/22, Implants for osteosynthesis, upon which the following bodies were represented:

- Association of British Health-care Industries
- British Investment Casting Trade Association
- British Medical Association
- British Steel Industry
- British Surgical Trades Association
- Department of Health
- Institute of Sterile Services Management
- Medical Sterile Products Association
- National Association of Theatre Nurses
- Royal College of Surgeons of England
- Royal Veterinary College
- Scottish Office

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 February 1995
