

Thermostatic radiator valves —

Specification for dimensions and
details on connection —

(Implementation of CEN HD 1215-2)

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Refrigeration, Heating and Air Conditioning Standards Policy Committee (RHE/-) to Technical Committee RHE/16, upon which the following bodies were represented:

- Association of Manufacturers of Domestic Unvented Supply Systems Equipment
- British Gas plc
- British Valve Manufacturers' Association Ltd.
- Building Services Research and Information Association
- Chartered Institution of Building Services Engineers
- Copper Tube Fittings Manufacturers' Association
- Department of the Environment (Property Services Agency)
- Heating and Ventilating Contractors' Association
- Hevac Association
- Institute of Domestic Heating Engineers
- Institute of Refrigeration
- Institute of Gas Engineers
- National Brassfoundry Association
- Society of British Gas Industries

This British Standard, having been prepared under the direction of the Refrigeration, Heating and Air Conditioning Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 1 April 1992
