

Metallic multilayer plain bearings —

**Part 2: Method for destructive testing of
bond for bearing metal layer
thicknesses ≥ 2 mm**

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Machinery and Components Standards Policy Committee (MCE/-) to Technical Committee MCE/12, upon which the following bodies were represented:

- Association of Bronze and Brass Founders
- British Plastics Federation
- British Powder Metal Federation
- Copper Development Association
- Institution of Diesel and Gas Turbine Engineers
- Institution of Mechanical Engineers
- Society of Motor Manufacturers and Traders Ltd.

This British Standard, having been prepared under the direction of the Machinery and Components Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 July 1992

National foreword

This Part of BS 7585 has been prepared under the direction of the Machinery and Components Standards Policy Committee. It is identical with ISO 4386-2:1982 *Plain bearings — Metallic multilayer plain bearings — Part 2: Destructive testing of bond for bearing metal layer thicknesses ≥ 2 mm*, published by the International Organization for Standardization (ISO).

Cross-reference. The Technical Committee has reviewed the provisions of ISO 4381:1991, to which normative reference is made in the text, and has decided that it is acceptable for use in conjunction with this standard. A related British Standard to ISO 4381:1991 is BS 3332:1987.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
