Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Paper and Printing Standards Policy Committee (PAM/-) to Technical Committee PAM/20, upon which the following bodies were represented:

- British Paper and Board Industry Federation
- Drawing Office Material Manufacturers' and Dealers' Association
- HM Customs and Excise
- Her Majesty's Stationery Office

This British Standard, having been prepared under the direction of the Paper and Printing Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 November 1992

National foreword

This British Standard has been prepared under the direction of the Paper and Printing Standards Policy Committee. It is identical with ISO 9961:1992 *Draughting media for technical drawings — Natural tracing paper*, published by the International Organization for Standardization (ISO).

^a In preparation.

The Technical Committee has reviewed the provisions of IEC 50(845), ISO 217, ISO 5627, ISO 9175-1, ISO 9175-2 and ISO 9957-1 to which normative reference is made in the text, and has decided that they are acceptable for use in conjunction with this standard.

BS 4000-2:1983 *Specification for untrimmed sizes* is related to ISO 217.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i to iv, pages 1 to 10, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
