Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Agricultural Machinery and Implements Standards Policy Committee (AGE/-) to Technical Committee AGE/29, upon which the following bodies were represented:

- Agricultural Engineers' Association
- Arboricultural Association
- British Agricultural and Garden Machinery Association
- Consumers' Association
- Department of Trade and Industry
- Forestry Commission
- Health and Safety Executive
- Hire Association Europe
- National Farmers' Union
- Coopted members

This British Standard, having been prepared under the direction of the Agricultural Machinery and Implements Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 October 1993

National foreword

This British Standard BS 7705 has been prepared under the direction of the Agricultural Machinery and Implements Standards Policy Committee. It is identical with ISO 11169 *Machinery for forestry — wheeled special machines — Vocabulary, performance test methods and criteria for brake systems* published by the International Standards Organization (ISO).

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
