Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Machinery and Components Standards Policy Committee (MCE/-) to Technical Committee MCE/11, upon which the following bodies were represented:

- British Compressed Air Society
- British Fluid Power Association
- British Hydromechanics Research Association
- British Industrial Truck Association
- British Rubber Manufacturers' Association
- Ministry of Defence
- Society of British Aerospace Companies
- Society of Motor Manufacturers and Traders

This British Standard, having been prepared under the direction of the Machinery and Components Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 December 1993

Foreword

This British Standard has been prepared under the direction of the Machinery and Components Standards Policy Committee to give guidance on the care and handling of seals used in hydraulic and pneumatic fluid power applications.

This British Standard makes reference to BS 3574:1989 *Specification for the controlled storage and packaging of vulcanized rubber and rubber products*, from which further details can be obtained.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
