Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Building and Civil Engineering Sector Policy and Strategy Committee (B/-) to Technical Committee B/510, upon which the following bodies were represented:

- County Surveyors' Society
- Department of the Environment, Transport and the Regions — Represented by the Building Research Establishment
- Institution of Civil Engineers
- Quarry Products Association
- Road Surface Dressing Association
- Society of Chemical Industry

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- BAA Plc
- Brick Development Association
- Britpave
- Department of the Environment, Transport and the Regions — Highways Agency
- Ministry of Defence

This British Standard, having been prepared under the direction of the Sector Committee for Building and Civil Engineering, was published under the authority of the Standards Committee and comes into effect on 15 October 1999

The BSI copyright notice displayed on some pages of the document indicates when the page concerned was last issued. Sidelineing, where it appears in this document, indicates the most recent changes by amendment on the page concerned.
