

Specification for high alumina cement —

Part 2: Metric units

ICS 91.100.10

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/516, Cement and lime, to Subcommittee B/516/6, Cement specifications, upon which the following bodies were represented:

- British Cement Association
- British Precast Concrete Federation Ltd
- Cementitious Slag Makers' Association (CSMA)
- County Surveyors' Society
- DTI — represented by BRE
- Electricity Association
- Environment Agency
- Highways Agency
- Quarry Products Association
- Society of Chemical Industry
- United Kingdom Quality Ash Association (UKQAA)

This British Standard, having been approved by the Cement, Lime and Gypsum Products Industry Standards Committee, was published under the authority of the Executive Board on 12 September 1972

© BSI 8 April 2003

First published July 1940
First revision November 1947
Part 2: Metric units, September 1972
