Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee GEL/600, Earthing, upon which the following bodies were represented:

- BEAMA Ltd.
- BEAMA Electrical Cable and Conductor Accessory Manufacturers' Association
- British Broadcasting Corporation
- British Gas plc
- British Telecommunications plc
- Copper Development Association
- Department of Trade and Industry (Engineering Inspectorate)
- Department of the Environment, Transport and the Regions (Highways Agency)
- Electrical Contractors Association
- Electrical Installation Equipment Manufacturers' Association (BEAMA Ltd.)
- Electricity Association
- Engineering Equipment and Materials Users' Association
- Health and Safety Executive
- Institute of Petroleum
- Institute of Lighting Engineers
- Institution of Incorporated Executive Engineers
- Ministry of Defence
- National Federation of Master Steeplejacks and Lightning Conductor Engineers
- National Inspection Council for Electrical Installation Contracting

This British Standard, having been prepared under the direction of the Electrotechnical Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 November 1999

Foreword

This British Standard has been prepared by Technical Committee GEL/600. It supersedes BS 951:1986, which is withdrawn.

Annex A and annex B are normative.

A British Standard does not purport to include all necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.
