

Double circular arc type gears —

**Gears for instruments and clockwork
mechanisms —**

Part 2: Cycloidal Type Gears

[UDC 621.833:681-2]

Confirmed January 2011

Co-operating organizations

The Mechanical Engineering Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

Admiralty*	Gas Council
Air Ministry	High Commission of India
Associated Offices' Technical Committee	Institute of Marine Engineers
Association of Consulting Engineers	Institute of Petroleum
(Incorporated)*	Institution of Civil Engineers
British Chemical Plant Manufacturers' Association	Institution of Gas Engineers
British Compressed Air Society	Institution of Heating and Ventilating Engineers
British Electrical and Allied Manufacturers' Association*	Institute of Mechanical Engineers*
British Engineers' Association*	Institution of Mechanical Engineers (Automobile Division)
British Gear Manufacturers' Association*	Institution of Production Engineers*
British Internal Combustion Engine Manufacturers' Association	Locomotive and Allied Manufacturers' Association of Great Britain
British Iron and Steel Federation	Machine Tool Trades Association*
British Railways, The British Transport Commission*	Ministry of Power
Crown Agents for Overseas Governments and Administrations	Ministry of Labour and National Service
D.S.I.R. — Mechanical Engineering Research Laboratory*	Ministry of Supply*
Electricity Council, The Generating Boards and the Area Boards for England and Wales	Ministry of Transport and Civil Aviation
Engineering Equipment Users' Association	Ministry of Works
	National Coal Board
	National Physical Laboratory (D.S.I.R.)
	Radio Industry Council
	War Office

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this standard:

Admiralty Vickers Gearing Research Association	National Federation of Engineers Tool Manufacturers
Association of Mining Electrical and Mechanical Engineers	North East Coast Institution of Engineers and Shipbuilders
Board of Trade	Sheffield University
British Horological Institute	Society of British Aircraft Constructors
Electronic Engineering Association	Society of Motor Manufacturers and Traders Ltd.
Institution of Engineering Inspection	Manufacturers of gears
Milling Cutter and Reamer Association	
National Association of Lift Makers	

This British Standard, having been approved by the Mechanical Engineering Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 15 May 1959
